

Market Release Note

MRN-TS1061-44145

Product number: TS1061

Product description: Dual Wiegand Interface

Product version: V01-02.44145

Affected parts: n/a

Release date: 23rd August 2019

Interlogix is pleased to announce the immediate availability of the Dual Wiegand Interface.

The Dual Wiegand Interface is a module which allows door expansion using Wiegand readers and dedicated inputs and outputs on the ChallengerPlus and Network Access Controller panels.

Key Features

- Compatible with ChallengerPlus and Network Access Controller
- 2 Wiegand reader ports
- 4 inputs and 2 relay outputs on board
- RS-485 bus for communication back to ChallengerPlus or Network Access Controller
- Upgrade via remote flash firmware

How to upgrade your firmware

Firmware is available via CTPlus (installer software). You will need to download CTPlus from the Interlogix website before you can proceed with installation and setup.
